End-User Training - Frequently scheduled courses using vendor approved curriculum.

Private Training - Standard or customized end-user and technical courses offered at your location or ours.

E-Learning - Just in time training, available anytime and anywhere for over 5,000 courses.

Classroom Rental - Customized, reliable training rooms for up to 32 students. Traveling classrooms are available.

Management Reporting - Providing information on course completion and satisfaction.

System Source Benefits

Experience Beyond Training - Providing a single point of contact to coordinate training, systems, rental, service, presentation systems, support, internet services and consulting.

Quality Instructors - Students give our instructors an “excellent” rating. Our instructors are selected based upon their depth of knowledge and teaching experience. Our technical instructors are certified support engineers with multi-platform experience.

Knowledge Guarantee - Train until the material is learned at no additional cost in most classes.

Employer Guarantee - New employees replacing previous students can train for free in most classes.

Flexible, Customizable Courses - Customize course content and pace to meet individual needs. Power-packed quick courses provide accelerated learning. Short courses can be arranged for software upgrades. Classes can be delivered on your site and scheduled to minimize time away from the office.

Small Class Size - Average class size of 8 students allows instructors to provide students with individual attention.

“Paperless” Coupons - Provide savings for multiple, prepaid registrations.
